Ken Meiser
Vice President of Market and Industry Insight
LexisNexis Risk Solutions

Ken Meiser is Vice President of Market and Industry Insight at LexisNexis Risk Solutions, with deep experience in identity fraud detection and alternative credit, with a focus on data and algorithmic governance, inclusion, and fair lending practices. He has provided expert testimony to State and Federal regulators on the best practices in Identity, lending inclusion and the use of public records and private consumer data and is a regular speaker on risk, data use and algorithmic best practices. Mr. Meiser is also an adjunct faculty member at the University of Texas School of Information.
